

- Issues with blank pages/images disappearing?:
- Try reverting to one of the standard themes ("Twenty ...") and see how that works...
- Unfortunately, many themes are not adapted to the latest WordPress version (yet)
- A VERY common problem: you did not complete the <u>install guide</u> all the way until step 4...
- From Dashboard, go to Site Health: (it is in the Tools menu also)

## **USE BLOG POSTS FOR PORTFOLIO ITEMS**

- Create a category "Portfolio" and a category "News"
- Add links for both categories in the menu:

Menus Manage with Live Preview		
Edit Menus Manage Locations		
Edit your menu below, or <u>create a new n</u>	Blog	Category 🔺
Pages	Navigation Label     Blog	
'osts	▼ Title Attribute	
Custom Links	▼ Trigger a Popup	
Categories	A	T
Most Used View All Search	Choose a popup to trigger Move <u>Up one</u> <u>Down one</u>	r when this item is clicked. <u>Under Education</u> <u>To the top</u>
Design Education	Original: <u>News</u>	
Graduation	Remove   Cancel	
<ul><li>□ Personal</li><li>✓ Portfolio</li></ul>	Portfolio	Category 🔻
Review Uncategorized		
Select All Add to Me	ITE.	

- For larger menu's you can add a drop-down
- Create more pages, then add them to menu

Pages 🔺	Menu Name Menu 1	
Most Recent View All Search	Menu Structure Drag each item into the order you prefer. Click the arrow o	on the right of the item to reveal additional
More – meat	Home	Page 🔻
Home Portfolio	Portfolio	Page 🔻
About	More	Page 🔻
Select All Add to Menu Posts	More – vegetables sub item	Page  Use drag&drop to organize the menu
Custom Links	More – meat	Page
Categories 💌	About	Page  Drag items sideways (to the right) to make them sub-items
